Re: Case Number 11-10612

Honorable Sean H. Lane:

I have operated RMH Fabrications, Inc. a one man operation for forty years under the scorching West Texas sun so monies were earned by the sweat of my brow.

I feel that myself and other common stock holders of Terrastar Corporation have been deceived by the corporation officials. It now appears to me that it was a carefully planned, deliberate bankruptcy. I believe as it is now in court filings there is an attempt to swindle the common stock holders out of their money, some investors' life savings.

I believe the common share holders deserve to be treated fairly and with integrity by the whole system of the stock market and judicial system. Integrity is not a gift, it has to be worked at and guarded with discipline at all times.

Please appoint an unbiased equity committee to represent the common share holders.

A letter sent to your office by Mr. Aldo I. Perez, August 2, 2011, I believe, expressed my thoughts as well as thoughts of many other investors.

Sincerely,

Robert M Henson
